

Ruined In Rhythm

Blurb

A journey through love, heartbreak, and self-discovery. These poems move from intimate reflection to sharp response to ultimate reclamation, exploring desire, misread moments, and the quiet power of knowing oneself.

Organized in three sections - personal reflections, inspired responses, and reclaimed truths - *Ruined in Rhythm* captures what it means to love deeply, be misread, and emerge stronger. Fiercely personal yet universally felt, these poems linger long after the last line.
