

Until You Found Me

Beneath The Surface Of Us

Blurb

Lucy isn't looking for love. She's trying to survive her grief.

Drew isn't looking to be seen. But he sees her anyway.

What starts as quiet connection turns into something deeper, rawer, and impossible to ignore - until the truth he's hiding threatens to destroy everything they've built.

Forced to choose between protecting her heart and facing the man she's fallen for, Lucy walks away...

But some love stories don't end - they wait.

A slow-burn contemporary romance about grief, healing, and the kind of love that doesn't save you... but refuses to let you face the darkness alone.
