

Flames Of Torment

Blurb

In Norggyward, Skeltroln Haradson was a humble fisherman who only wanted to be left alone. But when the political climate changed and a usurper sought to eliminate his competitors, Skeltroln's peaceful life burst into flames. Driven by a burning desire for revenge after a near-fatal escape from an assassin, he faced a dangerous new world.

With the chieftain Harad the Raging Bull away on a voyage with his other son, the weight of vengeance fell solely on Skeltroln's shoulders. Skeltroln is unaware of his father's recent imprisonment on a remote icy island. Now, Skeltroln must master new skills to survive and navigate his way to revenge. With the help of assassin Mirella, he manages to tolerate his new life better. They fall in love. Many people want them dead. Is this the life gods want him to have, or is there a way back to his former fisherman life? The future of the whole Norggyward is in danger in many ways.
