*I worked with Becky teaching kindergarten a few years back and she was such a wonderful teacher!! Her book,"No, Beau" is a testament to her knowledge of children and early reading knowledge!! I loved the storyline and her adorable illustrations!! I bought one for my 3year old grandson and I know he will love it!! At his age, he's constantly reminded what he can and can't do. A perfect book for young readers!!!*

*This little gem is perfect for early childhood and preschool levels. Parents, guidance counsellors, therapists and educators will find it a useful tool in their toolbox. "No Beau" teaches that being told "No" is not a negative thing. Children are sure to relate to the puppy being told no and being coached with alternative things he can do instead. It is beautifully illustrated.*
