

Reformed Killers

Book 1 of The Reformed killers Chronicles

Blurb

Twelve supernatural killers.

One human counsellor.

A vigilante ready to execute anyone beyond saving.

Colin Cross thought he understood monsters, until he had to talk them into changing. Now every session is a gamble with predators who see murder as an art form, and every failure could mean their lives... or his.

The only thing more dangerous than the killers in his circle? Claire, the beautiful blonde disaster who can trip into a deathtrap and somehow come out the other side alive. She's unpredictable, distracting, and possibly the unluckiest lucky charm in existence.

In this world, reformation is just another word for survival... and the clock is always ticking.

Review (Amazon)

This book, I've never read anything like it before. A normal human detective in charge of the most deadliest supernatural serial killers. Wow!! There's action, suspense, comedy, murder, and sex!!! I highly recommend this book.
