

The Silent Overture

The Symphony Of Incantris Book One

Blurb

In Incantris, instruments do more than create music. They create magic.

For everyone except Lyric.

Lost within her own clan, Lyric leaves her home to search for where she belongs. Instead, what she finds is a mysterious stranger with no memory, no voice, and, like herself, with no magic.

As the world itself bends out of tune, Lyric is forced to face the question she's never been able to answer:

Without the Music and the Magic, what part can anyone play in the Symphony of Incantris?
