

The Necromancer's Path

Volume One – The Soul's Edge Chronicles

Blurb

Can necromancy be used for good?

Maraeth has spent her entire life searching for the answer. Raised as a slave, she stole forbidden magical knowledge and taught herself the arts of death and bone, power the world fears, power she's determined to master. When survival throws her together with a band of outcasts and survivors, each carrying wounds they don't speak of, Maraeth finds something she never expected: people worth fighting for. But the closer they get to the evil hunting them, the clearer it becomes that their enemy is everything the world accuses her of being.

Malachor. A necromancer whose ambition could consume nations. And to stop him, Maraeth may have to embrace the very power that proves the world right about her kind.

The Necromancer's Path is an epic fantasy of found family, hard-won trust, and the question of whether the darkest magic can serve the light.
