

A Tale Of Choice And Consequence

Wrath Of The Gods Part 1

Blurb

When Orion begins to see visions of a world consumed by divine wrath, a truth ignites - powerful enough to shatter everything he thought he knew.

Driven by a legacy bound in blood and fate, Orion is pulled into the shadows of a modern world under siege: gods rising from myth, cities trembling under unseen power, divine forces demanding obedience, and Zeus preparing to reclaim dominion over humanity.

With allies and enemies impossible to trust, Orion moves through fractured loyalties, hidden orders, and a growing conflict between Olympus and the world that forgot it.

A hidden truth about his bloodline is revealed. A goddess offers power at a cost.

And every step pulls Orion closer to a future that demands the ultimate price - perhaps even his freedom.
