Blurb

Lovers Lost is a dark psychological fantasy horror that is graphic and twisted, leaving you in anticipation with every page turn.

The two main characters, Shae and Angelo, get kidnapped whilst on a trip they probably shouldn't have been making in the first place.

They soon regret running away together, even if it did seem like a good idea at the time.

What happens when werewolves get trapped and subdued by vampires? They're immortal enemies, so it can't be good.

Rewarded for the good and punished for the bad, the strong-willed pair go through a rollercoaster of grief... denial, anger, bargaining, depression and finally, acceptance.

Their captors seem to have thought of every eventuality and they begin to lose hope. Are they doomed to live under the thumb, or will they escape?

Author Lena Bailey, **Genre** Horror/Dark Romance/Psychological/Fantasy, **Date**, February 2026, **Formats**, 579 pages (Paperback)
