

The Place And The Shadow

Where Are We, And Where Are We Headed?

Blurb

What if the world we know is only the shadow of something greater?

The Place and the Shadow is a philosophical journey through perception, choice, fear, love, pain, truth, and the hidden depth of human existence.

Through metaphorical language and striking imagery, it invites readers to look beyond the surface and question what seems certain. What is lost when a deep reality is reduced to a single point of view?

Where are we, and where are we headed?
