

C S Queen

C.S. Queen was born in 1976 as Shannon Boyd of Honolulu, Hawaii. She is retired and living in the quiet woods of the Appalachia with her loving husband, two dogs and two cats. Queen always wanted to pursue writing as a hobby but became too busy with work and family. Now, she shares the stories she used to daydream about with the hope of inspiring others.

C.S. Queen aspires to encourage others through her stories, with a healthy way to express anger, grief, fear and love. Write on!

Target: Remnant

Orion Team First Contact: Begins on modern-day Earth when an average Korean-American woman, YooJin Kim begins to discover abilities that she never knew existed. Her lighthearted discovery makes her life exciting and easy, but she doesn't realize that she's triggered a power signature in another galaxy. A law enforcement faction called Caesar deploys a team of hunters called Orions to find YooJin as they are told that she is a dangerous creature without feelings. Obvious confusion and friction set in when they find her, until they discover another secret about YooJin that she wasn't aware of.

Refuge Among Humans: Takes place in 25 AD when an alien ship crashes into the waters near the southern coast of the UK. In the time of Celtic druids and Roman legions, a young alien named Gaelle finds herself at the mercy of a kind ironworker named Kadurix. Thinking her escape had gone unnoticed, she uses her ability to bend minds and recreates herself as a human in order to take refuge on Earth. A Kaelen warrior named Odissa is determined to pursue Gaelle in order to prove her worth to her father, the Consul of Kaelen. What happens when Odissa arrives on Earth only to discover that Gaelle's power has been greatly affected by Earth's atmosphere, rendering Odissa helpless against her.

Danger Close: Seemingly normal human life in Chile during the 60s' is tragically affected when earthquakes shake the coast. Sofia Valentina and her lover, Lucas Silva, discover supernatural secrets about each other when Sofia uses her powers to prevent her apartment from collapsing during the first tremors. In doing so, she highlights herself on a radar that is monitored by Odissa's mother, Byrberslira. Knowing that Theronians have ultimate powers on Earth, Byrberslira attempts to hire hunters called Hargorians who are impervious to the special abilities of other creatures. When things go wrong, Byrberslira must endure harsh negotiations with Sofia, which tears her conscience and begs the question of us all... where is the line between justice and revenge?

Everything Was Fine Until She Was Born

You'll be taken on a journey through my eyes, from childhood to adulthood, where you'll experience my biases and see how I justified my actions (whether right or wrong), and how I perceived the world. Experience my confusions and revelations as I learned to grow, but most of all, you'll feel my pain and anguish as I am hurt and abused by those whom I loved.

I have been beaten down, hated, abused, and stomped on physically and mentally, but I sit here today, unashamed and stronger than ever. I wear my scars like a badge of honour. These are my battle wounds, and I survived.

These memoirs are like a radio station playing a variety of songs that tell different stories of my life (from different ages), some that made me smile and others that made me cry. I also talk about the Rage that I carry to this day. I've given my Rage a personality of its own in these stories, as it acts like a character that affected my life like everyone else. It was born the day I learned to hate my mother, and I gave it a name soon after. See how my journeys helped me learn patience and understanding but hear my confessions and thoughts that still render me an imperfect work in progress. There is no happy ending in these books because I still live and I'm still learning, so there will be more memories to write.

But for now, meet the people who shaped me and how much I have loved and hated this world.
