

The Task

Blurb

The Family Omorithan is facing upheaval and ruin, possibly worse. It is up to the young and inexperienced Heiress to save them and accept The Task, a quest to retrieve an ancient mystical artifact that was stolen from the family a thousand years ago. To do so she must travel to a strange and inhospitable land and find her own way.

In a moment of weakness Wes abandoned his home and family and is looking for a way to make amends, only his shame for having failed them to such a great degree is keeping him from doing it. The past he abandoned, though, is the only clue Heiress has to find her family's salvation.

Together they form an unlikely friendship to overcome a challenging world of vicious dragons, dangerous people, and magical problems neither of them could have foreseen. Wes, determined to see Heiress succeed, puts his life at risk to help her. In return, Heiress gives Wes the courage to face his past.

Their journey will do more than test their strength and their wits, it will test the people they choose to become.
