

Future Proof

Blurb

What would you do if you could go back in time and change your life? Which regrets and mistakes would you fix? What would your life look like now?

In Future Proof an experimental medical treatment goes wrong which allows Sam Harris to do exactly that. He starts by standing up to the kids who bullied him at school and then sets about trying to fix the mess he made of the rest of his life. However, as he discovers, changing his past doesn't always guarantee a brighter future.

Buckle up for a bumpy fun filled ride of what if's and second chances. Winner of the Page Turner Awards 2022 Genre Award, Future Proof is a romantic comedy/drama filled with love, tears and laughter with an accompanying original musical soundtrack.

Reviews (Amazon)

The premise may seem unlikely, but who's to say that it isn't impossible, either now or in the future.

The characters are well drawn, and the plot is believable/unbelievable, depending on your point of view. You can decide for yourself, that's the beauty of it.

It causes you to think and consider issues that often get lost in the chaos of normal life. I really enjoyed the book and would recommend it. Suspend your disbelief and enjoy the ride!

Reviews Cont.

Enjoyable read.

A new take on time travel. Hard to put down.

*

Fabulous book, great story, extremely well written, couldn't put it down.

And plenty more positive reviews to find at Amazon.

Notes

Future Proof the book is accompanied by *Future Proof* the album. Each song has been specifically written to correspond to a key point in the book, and I hope it will enhance the overall reading experience. The album is to be found here:
