

# The Great City

Book One Of Ragnar's Saga

## Blurb

*"And then the prince had fallen at his feet, dead."*

When a legitimate duel results in Ragnar the Glorious killing the king's son, he finds himself banished from his home in the Frozen Isles.

However, he is not alone. Disgusted by the actions of the king, Ragnar is joined in his exile by his cousin, his best friend, and a large crew of Islanders who are willing to follow Ragnar.

Inspired by tales of great wealth, the newly formed band of adventurers set sail towards Metagalos, capital city of the mighty Metagalosian Empire, in the hopes of becoming mercenaries to the emperor. But the journey south is not an easy one and Ragnar's crew will be faced with many challenges before they reach the great city.

**Review** (Amazon)

*Very good, Entertaining and well-rounded characters and a great way to write a Viking fantasy novel with magic in it, really looking forward to reading the author's next books.*

**Notes**

“*The Great City*” is the first book in the “*Ragnar’s Saga*” trilogy, a fantasy series heavily inspired by the Viking Age. The story focuses heavily on world building and is perfect for fans of historically flavoured fantasy.
