

## Shadows Of Summer

### Blurb

What if your dreams weren't dreams at all?

19-year-old Sadie Anderson planned one last trip with her mother to a luxury mountain resort before college. But everything shatters when the shadows start following her - ones only she can see. And her dreams - no, nightmares - are becoming too real. Especially the one with him. The mysterious guy who shouldn't exist, yet does. Through him, she glimpses a world stitched between sleep and death: a gateway to a realm called Soul's Haven.

August Clarke lives by one rule: don't get attached. It's how he's survived decades as a demon, ferrying souls for Death while posing as an ordinary college student. It's routine. Predictable. Safe. Until her. The girl from his dreams. The one who shouldn't be his problem. He should walk away, but once he's intrigued, he never backs down, and Sadie is becoming impossible to resist.

Together, they must discover why Sadie's soul is different and why their connection feels like something long forgotten. But with darkness closing in and time running out, one question remains:

Can they uncover the truth in time, or will the shadows claim it all?
